

## Sanyo Chemical Selected for the FTSE Blossom Japan Index

Sanyo Chemical announced that it has been selected to the FTSE Blossom Japan Index for the first time.

The FTSE Blossom Japan Index is an index created by global index provider FTSE Russell, which reflects the performance of Japanese companies that demonstrate outstanding Environmental, Social and Governance (ESG) practices. The index is considered to be important investment criteria for Investors around. It has been also adopted by the Government Pension Investment Fund (GPIF), which is the world's largest public pension fund, as a benchmark for ESG passive management.

Under the company mission of "Establish a better society through our corporate activities," Sanyo Chemical is working on sustainable management that considers sustainability in the environment, society, and economy. As a result of such ESG activities, we were selected to the Index. We will continuously work on sustainable management to contribute to the realization of a sustainable society and disclose them to improve corporate value.
