Notice of Revision of the Consolidated Earnings Forecast for the Fiscal Year Ending March 2026

Sanyo Chemical Industries, Ltd. hereby announces that it has revised its consolidated earnings forecast for the fiscal year ending March 31, 2026 (April 1, 2025 to March 31, 2026), previously announced on November 5, 2025, in light of recent business performance trends, as follows.

1. Revision to Full-Year Consolidated Earnings Forecast for the Fiscal Year Ending March 2026
(April 1, 2025 – March 31, 2026)

(Millions of yen)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Basic earnings per share (yen)
Previous forecast (11/5) (A)	130,000	10,000	11,000	16,000	723.26
Revised forecast (B)	130,000	10,000	11,000	14,000	632.86
Amount of change (B – A)	0	0	0	(2,000)	
Percentage change (%)	0	0	0	(12.5)	
Results for the previous period (FY2024)	142,258	8,439	9,670	4,151	187.79

2. Reason for the Revisions

Full-year net sales, operating profit, and ordinary profit are expected to be generally in line with the previously announced forecast.

On the other hand, profit attributable to owners of parent is expected to fall below the previously announced forecast, mainly due to an increase in income tax expenses resulting from a revision of estimates and higher-than-expected losses on disposal of fixed assets.

* The above forecast is based on information available at the time of the announcement. Actual earnings may differ due to various factors occurring in the future.
